TFDA DISASTER TEAM NEEDS YOUR HELP

The Texas Funeral Directors Association has long been called upon by local, state and federal government agencies as well as other funeral directors to provide rapid, professional and ethical response when a disaster or mass fatality event has taken place within our borders. The Association recognizes its responsibility and the need for a well-organized plan of activation when assistance is requested.

There will be 2 training classes per year. It will be required to have both trainings and be up to date on membership fees to be deployed. You have to be a member of TFDA or employed by a member firm. You will have 2 years to get both classes.
